

Please do not weaken the Indiana Telephone Law. We use to get 6 to 8 calls a day, mostly when we were busy, and now it may be 1 or 2 a week. I would like to see our law even stronger. No political or church calls. I know who I am going to vote for and I have my own church. Call me and I do not vote for you is my feeling. In this day and age I consider unwarranted calling an act of terrorism and I would like to see it end. I do not pay a high bill so I have to listen to unwanted incoming calls. If I want something I will go looking for it. Thankyou.
